XD74/1.A

With Lihit

THE NEW AUTO PUNCH

XD 74/1.1 Rec'd 8/69

It's convenient. It's fast. It's the newest time-saving device for the busy office or print shop. Now you can give up that tedious 10-sheet-at-a-time method. Punch hundreds of documents in less time than it takes to tell about it. Lihit has made heavy-duty punches for over 20 years; this is the first light-weight, portable model. Even the small shop or office will find it indispensable. It drills through 1″ of paper a second. And it has these other outstanding features :

Easy to use. Any office girl can operate it. Waste compartment collects punchings automatically. Available with either 1/4″ or 7/32″ long lasting steel drill. Easily calibrated for any number of holes per page. Click stops give immediate settings for two or three holes. Comes complete with sharpening and maintenance tools. Complete guarantee on all parts.

The completely new **LIHIT AUTO PUNCH.** Buy one for as little as $99.95 (Other auto punches are bigger, heavier, cost over twice as much.)

Patent Pending in U. S., Germany, Japan

One punch does it!
